Sec. [23]24. President of the council. a. The president of the council shall be elected by the electors of the city at the same time and for the same term as in this charter prescribed for the mayor.
b. The president of the council may be removed or suspended in the same manner as provided in this charter with respect to the mayor.

c. Any vacancy in the office of council president shall be filled by popular election in the following manner:

1. Within three days of the occurrence of a vacancy in the office of the council president, the mayor shall proclaim the date for the election or elections required by this subdivision, provide notice of such proclamation to the city clerk and the board of elections and publish notice thereof in the City Record. After the proclamation of the date for an election to be held pursuant to paragraphs four or five of this subdivision, the city clerk shall publish notice thereof not less than twice in each week preceding the date of such election in newspapers distributed within the city, and the board of elections shall mail notice of such election to all registered voters within the city.

2. If a vacancy occurs during the first three years of the term, a general election to fill the vacancy for the remainder of the unexpired term shall be held in the year in which the vacancy occurs, unless the vacancy occurs after the last day on which an occurring vacancy may be filled at the general election in that same year with party nominations of candidates for such election being made at a primary election, as provided in section 6-116 of the election law. If such a vacancy occurs in any year after such last day, it shall be filled for the remainder of the unexpired term at the general election in the following year provided,
however, that no general election to fill a vacancy shall be held in the last year of the term, except as provided in paragraph nine of this subdivision. Party nominations of candidates for a general election to fill a vacancy for the remainder of the unexpired term shall be made at a primary election, except as provided in paragraph five of this subdivision.

3. If a special or general election to fill the vacancy on an interim basis has not been previously held pursuant to paragraphs four, six, seven and eight of this subdivision, the person elected to fill the vacancy for the remainder of the unexpired term at a general election shall take office immediately upon qualification and shall serve until the term expires. If a special or general election to fill the vacancy on an interim basis has been previously held, the person elected to fill the vacancy for the remainder of the unexpired term at a general election shall take office on January first of the year following such general election and shall serve until the term expires.

4. If a vacancy occurs during the first three years of the term and on or before the last day in the third year of the term on which an occurring vacancy may be filled for the remainder of the unexpired term at a general election with party nominations of candidates for such election being made at a primary election, as provided in section 6-116 of the election law, a special or general election to fill the vacancy on an interim basis shall be held, unless the vacancy occurs less than ninety days before the next primary election at which party nominations for a general election
to fill the vacancy may be made and on or before the last day on which an occurring vacancy may be filled for the remainder of the unexpired term at the general election in the same year in which the vacancy occurs with party nominations of candidates for such election being made at a primary election, as provided on section 6-116 of the election law.

5. If a vacancy occurs after the last day in the third year of the term on which an occurring vacancy may be filled for the remainder of the unexpired term at a general election in such year with party nominations of candidates for such election being made at a primary election, as provided in section 6-116 of the election law, but not less than ninety days before the date of the primary election in the fourth year of such term, a special or general election to fill such vacancy for the remainder of the unexpired term shall be held.

6. Elections held pursuant to paragraph four or five of this subdivision shall be scheduled in the following manner: A special election to fill the vacancy shall be held on the first Tuesday at least forty-five days after the occurrence of the vacancy, provided that the mayor, in the proclamation required by paragraph one of this subdivision, may schedule such election for another day no more than ten days after such Tuesday and not less than forty days after such proclamation if the mayor determines that such rescheduling is necessary to facilitate maximum voter participation; except that

(a) if the vacancy occurs before September twentieth in any
year and the first Tuesday at least forty-five days after the occurrence of the vacancy is less than ninety days before a regularly scheduled general election or between a primary and a general election, the vacancy shall be filled at such general election;

(b) if the vacancy occurs before September twentieth in any year and the first Tuesday at least forty-five days after the occurrence of the vacancy is after a regularly scheduled general election, the vacancy shall be filled at such general election; and

(c) if the vacancy occurs on or after September twentieth in any year and the first Tuesday at least forty-five days after the occurrence of the vacancy is after, but less than thirty days after, a regularly scheduled general election, the vacancy shall be filled at a special election to be held on the first Tuesday in December in such year.

7. All nominations for elections to fill vacancies held pursuant to paragraphs four and five of this subdivision shall be by independent nominating petition. A signature on an independent nominating petition made earlier than the date of the proclamation required by paragraph one of this subdivision shall not be counted.

8. A person elected to fill a vacancy in the office of council president at an election held pursuant to paragraph four of this subdivision shall take office immediately upon qualification and serve until December thirty-first of the year in which the vacancy is filled for the remainder of the unexpired term pursuant to
paragraph two of this subdivision. A person elected to fill a vacancy in the office of council president at an election held pursuant to paragraph five of this subdivision shall take office immediately upon qualification and serve until the term expires.

9. If a vacancy occurs less than ninety days before the date of the primary election in the last year of the term, the person elected at the general election in such year for the next succeeding term shall take office immediately upon qualification and fill the vacancy for the remainder of the unexpired term.

d. The president of the council may, by written authority filed with the [board of estimate] appropriate board, body, or committee and with the city clerk, designate any two officers or employees appointed by the president to exercise the powers specified in this subdivision. Either such officer or employee, so designated, may act in the place of the president of the council [as a member of the board of estimate] on any board, body or committee, other than the council, of which the president of the council is a member whenever the president of the council [, although present in the city,] shall be absent from a meeting of said board, body or committee for any reason whatever.

e. The president of the council shall preside over the meetings of the council and shall have the right to participate in the discussion of the council but shall not have a vote except in case of a tie.

f. In addition to other duties and responsibilities, the president of the council shall (1) [oversee the coordination of
city-wide] monitor the operation of the citizen information and service complaint programs of city agencies and make proposals to improve such programs, and (2) review complaints of a recurring and multiborough or city-wide nature relating to services and programs, and make proposals to improve the city's response to [and processing of] such complaints, and (3) receive, investigate and otherwise attempt to resolve individual complaints concerning city services and other administrative actions of city agencies except for those complaints which (i) other city agencies are required by law to investigate, adjudicate and remedy or (ii) may be resolved through a grievance mechanism established by collective bargaining agreement or contract.

g. The president of the council shall establish procedures for receiving and processing complaints, responding to complainants, conducting investigations, reporting findings, and shall inform the public about such procedures. Upon an initial determination that a complaint may be valid, the president of the council shall refer it to the appropriate agency. If such agency does not resolve the complaint within a reasonable time, the president of the council may conduct an investigation and make specific recommendations to the agency for resolution of the complaint. If, within a reasonable time after the president of the council has completed an investigation and submitted recommendations to an agency, such agency has failed to respond in a satisfactory manner to the recommendations, the president of the council may issue a report to the council and the mayor. Such report shall describe the
conclusions of the investigation and make such recommendations for administrative, legislative, or budgetary action, together with their fiscal implications, as the president of the council deems necessary to resolve the individual complaint or complaints or to address the underlying problems discovered in the investigation.

h. In addition to other duties and responsibilities, the president of the council shall evaluate the performance of city agencies. Such evaluations shall include, but not be limited to, annual evaluations of: (1) the implementation of the requirements for coterminality of local services contained in all subdivisions of section twenty seven hundred four; (2) the effectiveness of the citizen information and service complaint programs of city agencies; and (3) the responsiveness of city agencies to individual and group requests for data or information regarding the agencies' structure, activities and operations. Any reports of such performance evaluations shall be submitted to the council, mayor and appropriate agency and shall include the president of the council's recommendations for addressing the problems identified and the fiscal implications of such recommendations.

i. On the request of a resident, taxpayer, community board, council member or borough president, or on his or her own motion, the president of the council may inquire into any alleged failure of a city officer or agency to comply with any provision of the charter. If as a result of such inquiry, the president of the council concludes that there is any substantial failure to comply with any provision of the charter, he or she shall submit a
preliminary report documenting the conclusions of the inquiry to
the officer and head of each agency involved and shall, upon
reasonable notice, hold a public hearing on the matter. Officers
of affected agencies shall have the right, and it shall be their
duty when requested by the president of the council, to appear and
be heard at such hearing. Within a reasonable time after such
hearing, the president of the council shall issue a final report
to the council, mayor, and agency involved documenting the
conclusions of the inquiry and hearing.

j. The president of the council shall have timely access to those
records and documents of city agencies, for which a claim of
privilege may not properly be raised, which the president of the
council deems necessary to complete the investigations, inquiries
and evaluations required by this section. If the city agency does
not comply with the president of the council's request for such
records and documents, the president of the council may request an
appropriate committee of the council to require the production of
such records and documents pursuant to section twenty-nine.

k. If during the conduct of any investigation, inquiry, or
evaluation authorized by this section, the president of the council
discovers that the matter may involve criminal conduct, he or she
shall promptly refer such matter to the department of investigation
or to the appropriate prosecuting attorney or other law enforcement
agency. If the president of the council discovers that the matter
may involve a conflict of interest, he or she shall promptly refer
such matter to the conflicts of interest board.
l. Before making public any report authorized by this section the president of the council shall send a draft copy to any officer, and to the head of any agency, discussed in such report and provide the officer and agency, in writing, with a reasonable deadline for their review and response. The president of the council shall include in any report which is made public a copy of all such officer and agency responses to his or her findings and recommendations.

m. The president of the council may hold public hearings in the course of fulfilling the requirements of this section provided that a complete transcript of any such hearings shall be made available for public inspection free of charge within a reasonable time after the hearing. The president of the council shall also provide a copy of any requested pages of such transcript at a reasonable fee to cover copying and, if relevant, mailing costs.

n. Not later than the thirty-first day of October of each year, the president of the council shall present to the council a report on the activities of the office during the preceding fiscal year. The report shall include: (1) a statistical summary of the complaints received during such fiscal year, categorized by agency, type of complaint, agency response, mode of resolution, and such other factors as the president of the council deems appropriate; (2) an analysis of recurring complaints and the president of the council's recommendations for administrative, legislative, or budgetary actions to resolve the underlying problems causing the complaints; (3) a summary of the findings and recommendations of
the performance evaluations conducted during the fiscal year and a summary of the agency responses to such findings and recommendations; (4) a summary of the charter requirements which, in the opinion of the president of the council, are not being implemented by the city agencies and officers subject to them, including a description of the nature and extent of the failure to comply and a summary of the responses of the agencies or officers to the president of the council's conclusions; and (5) a summary of improvements in charter compliance since the president of the council's last annual report. The president of the council shall include an assessment of the fiscal implications of any recommendations presented in this report.
CHAPTER 5
COMPTROLLER

Sec. 91. Election; terms; salary. The comptroller shall be elected by the electors of the city at the same time and for the same term as in this charter prescribed for the mayor. The salary of the comptroller shall be one hundred five thousand dollars a year.

Sec. 92. Removal from office. The comptroller may be removed or suspended in the same manner as provided in this charter with respect to the mayor.

Sec. 93. Powers and duties. a. The comptroller from time to time in his or her discretion may, and whenever required by law or requested by the mayor[, the board of estimate] or the council, shall advise the mayor[, the board of estimate] and the council on the financial condition of the city or any phase thereof and make such recommendations, comments and criticisms in regard to the operations, fiscal policies and financial transactions of the city as he or she may deem advisable in the public interest.

b. [He] The comptroller shall have power to audit and investigate all matters relating to or affecting the finances of the city, including without limitation the performance of contracts and the receipt and expenditure of city funds, and for such purpose [he] shall have power to require the attendance and examine and
take the testimony under oath of such persons as [he] the
comptroller may deem necessary. The comptroller shall conduct all
audits of entities under contract with the city as expeditiously
as possible and in no case shall initiate an audit later than one
year after the expiration of a contract term unless the comptroller
determines in writing that: (1) such audit is initiated in
connection with litigation brought by or against the city, (2) it
was not practicable to initiate an audit within such one year
period, or (3) the initiation of the audit after the one year
period is appropriate in light of information discovered in an
audit of another contract of the same contractor. Such written
determinations shall be filed with the mayor, council and council
president.

c. The comptroller shall have power to audit all agencies, as
defined in subdivision two of section eleven hundred fifty, and all
agencies, the majority of whose members are appointed by city
officials. The comptroller shall be entitled to obtain access to
agency records required by law to be kept confidential, other than
records which are protected by the privileges for attorney-client
communications, attorney work products, or material prepared for
litigation, upon a representation by the comptroller that necessary
and appropriate steps will be taken to protect the confidentiality
of such records. The comptroller shall establish a regular auditing
cycle to ensure that one or more of the programs or activities of
each city agency, or one or more aspects of each agency's
operations, is audited at least once every four years. The audits
conducted by the comptroller shall comply with generally accepted
government auditing standards. In accordance with such standards,
the comptroller shall send a copy of any draft audit report to the
head of the audited agency and provide the agency, in writing, with
a reasonable deadline for its review and response. The comptroller
shall include in the final audit report copies of any such agency
response. The comptroller shall send copies of all such audit
reports to the council and the mayor.

[c] d. The comptroller shall (1) audit financial transactions
of the city, including vouchers, warrants, and payrolls; (2) audit
all official accounts and the accrual and collection annually of
all revenues and receipts; and (3) audit the expenditure of city
funds by any public or private agency that receives such funds from
the city.

d[e]. The comptroller shall audit the operations and programs
of city agencies to determine whether funds are being expended or
utilized efficiently and economically and whether the desired
goals, results or benefits of agency programs are being achieved.
[He] The comptroller shall investigate the processing of vouchers
and the payment of bills by city agencies and shall audit agency
compliance with applicable procedures in procuring goods, services
and construction. The comptroller shall also undertake studies,
including cost benefit analyses, of purchases of [equipment,] goods
[and] services, and construction by agencies of government that
use city funds for such purposes and report [his] the findings and
recommendations to the mayor, [the board of estimate,] the council

5-3
and the public.

f. Not later than the first day of March of each year, the comptroller shall deliver to the council a report describing all major audits of city agencies conducted by the comptroller during the previous fiscal year, the corrective actions recommended in such audits, the corrective actions which, according to comptroller audits or agency reports, have been implemented, and the comptroller's recommendations, if any, for additional corrective actions.

e]g. The comptroller shall have the power and it shall be his duty to audit all vouchers before payment for availability of funds and prepare warrants. No warrant shall be prepared by the comptroller unless sufficient appropriations are available to cover the payments involved. No agency shall expend or commit any funds otherwise than for the program and purposes for which the funds have been appropriated and the comptroller shall conduct audits and take such other action as is required to assure compliance with this provision.

[f]h. Except as provided in [subsection e] subdivision g, [not later than July first, nineteen hundred seventy-seven] the agencies shall prepare and audit vouchers before payment, prepare and audit payrolls, receive and inspect goods and forward [bills] vouchers to the comptroller for payment. The comptroller shall prescribe methods, with which all agencies shall comply, for preparing and auditing vouchers before payment, preparing payrolls, and recording, reporting and accounting in the several agencies and
shall conduct reviews to assure compliance. The comptroller may suspend or withdraw the authority delegated to an agency pursuant to this subdivision (1) upon a finding of abuse of such authority or on a determination that the agency lacks adequate internal controls to exercise such authority properly [(and (2) upon the approval of the [board of estimate] audit committee after the agency has had an opportunity to be heard on this matter.)]

[i.] The comptroller shall have the power to settle and adjust all claims in favor of or against the city in such manner as shall be prescribed by law and for that purpose may administer oaths, except that, with regard to excise and non-property taxes, such power shall be vested in the commissioner of finance. The comptroller shall not revise the terms of a contract or agreement with the city after its execution. The city may include in construction contracts or agreements for capital projects provisions that authorize the comptroller to submit disputes arising under any such contract or agreement to impartial arbitration.

[h]. [He] The comptroller shall administer and manage the several sinking funds of the city and all other trust funds held by the city, and provide for the receipt and safekeeping of all moneys in such funds, except as provided in paragraph b of subdivision three of section fifteen hundred four of this charter, and in such administration [he] the comptroller shall be deemed to be acting in a fiduciary capacity.

[i]. [He] The comptroller shall keep the accounts of the city
and shall at least once in each month render to each agency a summary statement of so much thereof as relates to such agency.

Within four months after the close of each fiscal year, the comptroller shall publish a statement for such year, including a full and detailed statement of the revenues and expenditures of the city and the surplus at the end of the fiscal year, including the average daily collected deposits in bank accounts of the city, the investment performance of city pension and other investment funds, an itemized statement of all taxes due and uncollected at the close of the fiscal year, the reserve for estimated uncollectible taxes, and the uncollected parking violation fines receivable, an itemized statement of the condition of the sinking funds, the street and park openings fund and the street improvement fund, so long as such funds shall be continued, and any other assessable improvement funds, and of the tax appropriation and general fund stabilization reserve fund as at the close of the fiscal year, the different sources of city revenue, including itemization of receivables due from state or federal sources by program and fiscal year, and the amount received from each, the several appropriations made for the fiscal year, the objects for which they were made and the amount of expenditures made under each, the money borrowed on the credit of the city, the amount of each loan, the authority under which it was made and the terms on which it was obtained, and such other information in regard to such fiscal year as may be determined by the comptroller or by law.
The comptroller shall [begin to] establish for his or her office and [in] for all city agencies a uniform system of accounting and reporting based on [the principles set forth in the state comptroller's uniform system of accounts for municipalities as modified by the state comptroller in consultation with the city comptroller, for application to the city] generally accepted accounting principles. [Such system of uniform accounting and reporting shall be fully implemented not later than January first, nineteen hundred eighty-one.]

(1) [Notwithstanding any provision to the contrary, such accounting principles shall require that:

a. all expenses, excluding debt service and pension fund contributions, be accounted for on an accrual basis; and
b. revenues be accounted for on an accrual basis only if the liability of the payor of such revenue can be measured precisely and can be shown to have been created during a specific fiscal year and that a cash basis of accounting is to be used for those revenues for which an accrual basis is not feasible.

(2)] Such system of uniform accounts shall provide:

a. control accounts in the office of the comptroller that are consistent with budgeted units of appropriation and that are adequate to record and control spending by the agencies and to prevent agencies from exceeding appropriations;

b. detailed accounts in the agencies for the purposes of cost accounting, rate of expenditure information and other management
information data; and

c. geographic accounts for the reporting of expenditures for local service districts of agencies within community districts and boroughs.

[(3)] (2) The comptroller shall prescribe procedures for accounting and reporting for all agencies, review agency accounts and systems to assure compliance with this chapter and with the methods, standards and procedures prescribed by him or her for the agencies.

(1)n. [He] The comptroller shall prescribe systems of accounting for city agencies whose revenues arising out of the use of the facilities and services supplied by such agencies constitute fifty per centum or more of the appropriations provided for the operation of such agencies, which systems of accounting shall conform so far as practicable to standard public utility accounting practices. The comptroller shall publish in the comptroller's annual report [statistical data in regard to the financial operations of such city agencies] the financial statements for such city agencies.

[m]q. Notwithstanding the provisions of any general, special or local law or this charter or any contract heretofore or hereafter made or awarded by the city of New York or by any agency, department or authority acting on its behalf, the comptroller may, at his or her discretion, turn over the physical custody and safekeeping of bonds, notes, obligations or other evidences of indebtedness which have been or will be deposited with [him] the
comptroller as collateral security as required by law or contract
to a custodian who may be (a) any bank or trust company
incorporated in the state, or (b) any national bank located in the
state, or (c) any private banker duly authorized by the
superintendent of banks of this state to engage in business here.
The comptroller may enter into a contract with such custodian under
terms and conditions which the comptroller may require. Each
depositor of collateral security shall bear [his or its] a
proportionate share of the cost of such custodial safekeeping which
shall be paid to the city of New York.

[n]p. No contract or agreement executed pursuant to this
charter or other law shall be implemented until (1) a copy has been
filed with the comptroller and (2) either the comptroller or the
mayor has registered it [or thirty days have elapsed from the date
of filing, whichever is sooner] in accordance with section xxx of
the charter.

[o]g. The council shall periodically review the requirements
contained in the charter for studies and reports by the comptroller
and may by local law revise such requirements as it deems
appropriate. The comptroller, upon request, shall assist the [board
of estimate or the] council in the conduct of any of its
investigations or studies [by either body] of the fiscal or
economic affairs of the city or of any agency. [He] The
comptroller shall provide reports to the [board of estimate or the]
council upon request [of either body] and shall testify before
[either body or a committee of either body] the council or a
committee thereof.

r. The comptroller shall make a complete transcript of each public hearing conducted by the office available for public inspection free of charge within a reasonable time after such hearing. The comptroller shall also provide a copy of any requested pages of such transcript at a reasonable fee to cover copying and, if relevant, mailing costs.

Sec. 94. Deputy comptrollers and other appointees. a. The comptroller shall appoint and at pleasure remove a first, and second deputy comptroller. [He] The comptroller may appoint and at pleasure remove a third deputy comptroller who shall be a person qualified to advise and assist the comptroller in all matters relating to borrowings and the investment of funds. Except as provided in subdivision b of this section, each of the deputies and any officer or employee appointed by the comptroller shall have such powers and duties as may be assigned to such person by the comptroller by instrument in writing filed with the city clerk. Provided however that no more than five (5) such additionally appointed officers or employees shall serve simultaneously. The city clerk shall notify the city council of the filing or revocation of each such appointment.

b. [Any deputy comptroller or any one of three officers or employees appointed by the comptroller may, by written authority filed with the board of estimate and with the city clerk, act in the place of the comptroller as a member of the board of estimate.] Any deputy comptroller or any officer or employee appointed by the
comptroller may act in place of the comptroller on any [other] board, body or committee of which the comptroller is a member whenever the comptroller shall so authorize in writing and such authorization is filed with such board, body or committee and with the city clerk.

c. Any vacancy in the office of comptroller shall be filled by popular election, in the manner set forth in this subdivision.

In the event of a vacancy in the office of comptroller until an interim or permanent successor is first elected, or whenever by reason of sickness, absence from the city or suspension from office, the comptroller shall be prevented from attending to the duties of the office, or while the comptroller is acting as mayor, the first deputy comptroller or in the case of his or her illness or absence the second deputy comptroller or in the case of his or her illness or absence the third deputy comptroller shall act as comptroller.

1. Within three days of the occurrence of a vacancy in the office of the comptroller, the mayor shall proclaim the date for the election or elections required by this subdivision, provide notice of such proclamation to the city clerk and the board of elections and publish notice thereof in the City Record. After the proclamation of the date for an election to be held pursuant to paragraphs four or five of this subdivision, the city clerk shall publish notice thereof not less than twice in each week preceding the date of such election in newspapers distributed within the city, and the board of elections shall mail notice of such election.
to all registered voters within the city.

2. If a vacancy occurs during the first three years of the term, a general election to fill the vacancy for the remainder of the unexpired term shall be held in the year in which the vacancy occurs, unless the vacancy occurs after the last day on which an occurring vacancy may be filled at the general election in that same year with party nominations of candidates for such election being made at a primary election, as provided in section 6-116 of the election law. If such a vacancy occurs in any year after such last day, it shall be filled for the remainder of the unexpired term at the general election in the following year provided, however, that no general election to fill a vacancy shall be held in the last year of the term, except as provided in paragraph nine of this subdivision. Party nominations of candidates for a general election to fill a vacancy for the remainder of the unexpired term shall be made at a primary election, except as provided in paragraph five of this subdivision.

3. If a special or general election to fill the vacancy on an interim basis has not been previously held pursuant to paragraphs four, six, seven and eight of this subdivision, the person elected to fill the vacancy for the remainder of the unexpired term at a general election shall take office immediately upon qualification and shall serve until the term expires. If a special or general election to fill the vacancy on an interim basis has been previously held, the person elected to fill the vacancy for the remainder of the unexpired term at a general election shall take
office on January first of the year following such general election and shall serve until the term expires.

4. If a vacancy occurs during the first three years of the term and on or before the last day in the third year of the term on which an occurring vacancy may be filled for the remainder of the unexpired term at a general election with party nominations of candidates for such election being made at a primary election, as provided in section 6-116 of the election law, a special or general election to fill the vacancy on an interim basis shall be held, unless the vacancy occurs less than ninety days before the next primary election at which party nominations for a general election to fill the vacancy may be made and on or before the last day on which an occurring vacancy may be filled for the remainder of the unexpired term at the general election in the same year in which the vacancy occurs with party nominations of candidates for such election being made at a primary election, as provided on section 6-116 of the election law.

5. If a vacancy occurs after the last day in the third year of the term on which an occurring vacancy may be filled for the remainder of the unexpired term at a general election in each year with party nominations of candidates for such election being made at a primary election, as provided in section 6-116 of the election law, but not less than ninety days before the date of the primary election in the fourth year of such term, a special or general election to fill such vacancy for the remainder of the unexpired term shall be held.
6. Elections held pursuant to paragraph four or five of this subdivision shall be scheduled in the following manner: A special election to fill the vacancy shall be held on the first Tuesday at least forty-five days after the occurrence of the vacancy, provided that the mayor, in the proclamation required by paragraph one of this subdivision, may schedule such election for another day no more than ten days after such Tuesday and not less than forty days after such proclamation if the mayor determines that such rescheduling is necessary to facilitate maximum voter participation; except that

(a) if the vacancy occurs before September twentieth in any year and the first Tuesday at least forty-five days after the occurrence of the vacancy is less than ninety days before a regularly scheduled general election or between a primary and a general election, the vacancy shall be filled at such general election; and

(b) if the vacancy occurs before September twentieth in any year and the first Tuesday at least forty-five days after the occurrence of the vacancy is after a regularly scheduled general election, the vacancy shall be filled at such general election; and

(c) if the vacancy occurs on or after September twentieth in any year and the first Tuesday at least forty-five days after the occurrence of the vacancy is after, but less than thirty days after, a regularly scheduled general election, the vacancy shall be filled at a special election to be held on the first Tuesday in
December in such year.

7. All nominations for elections to fill vacancies held pursuant to paragraphs four and five of this subdivision shall be by independent nominating petition. A signature on an independent nominating petition made earlier than the date of the proclamation required by paragraph one of this subdivision shall not be counted.

8. A person elected to fill a vacancy in the office of the comptroller at an election held pursuant to paragraph four of this subdivision shall take office immediately upon qualification and serve until December thirty-first of the year in which the vacancy is filled for the remainder of the unexpired term pursuant to paragraph two of this subdivision. Sec. 202. Platting of land and dedication of streets and public places. a. No map of a subdivision or platting of land into streets, avenues or public places and blocks within the limits of the city shall be received for filing in the office in which instruments affecting real property are required to be recorded in the county in which the land is situated, unless such map shall have been submitted to the board of estimate and approved by such board, after transmittal to the city planning commission for report, by the same procedure as provided in subdivision b of section one hundred ninety-nine for changes in the city map. If such map is disapproved by the board of estimate, the secretary of the board, the chair of the city planning commission shall certify such fact in writing upon such map, and such map shall be received only for record without such approval.

b. No street, avenue, highway or public place, the layout of which has not been approved as provided in this section, shall be deemed to have been accepted by the city as a street, avenue, highway or public place, unless such street, avenue, highway or public place shall lie within the lines of a street, avenue, highway or public place upon the city map.
Sec. 203. City site selection criteria. a. Not later than July 1, nineteen hundred ninety, the mayor, after consulting with each of the borough presidents, shall file with the city planning commission proposed rules establishing criteria for selecting sites for city facilities. Not later than sixty days after the filing of such proposed rules, the city planning commission shall approve or approve with modifications the rules and shall file the rules as approved with the council.

b. At any time after the adoption of such criteria, the mayor, after consulting with the borough presidents, may submit to the city planning commission proposed amendments to the rules. Amendments to the rules shall be subject to the review and approval of the commission pursuant to the procedures and time limits provided in subdivision a of this section.

c. For purposes of this chapter, "city facility" shall mean a facility used or occupied or to be used or occupied to meet city needs.
Sec. 204. Citywide statement of needs concerning city facilities and new uses of city-owned real property. a. Each year not later than January 16, together with the submission of the preliminary capital budget pursuant to sections sixty seven and two hundred thirteen, the mayor shall submit to the council, borough presidents, borough boards and community boards a citywide statement of needs concerning city facilities and new uses of city-owned real property prepared in accordance with the criteria established pursuant to section two hundred three. Copies of the statement shall also be made available to the public in the main branch of the public library in each borough. The statement shall detail by agency and program for the ensuing two fiscal years: (1) all proposed new city facilities and all proposed significant expansions of city facilities and (2) all city facilities which the city plans to close or to reduce significantly in size or in capacity for service delivery.

b. With respect to the city facilities referred to in clause (1) of subdivision a of this section, the statement of needs shall describe for each proposed new city facility or expansion: (1) the public purpose to be served, (2) the size and nature of the facility, (3) the proposed location by borough and, if practicable, by community district or group of community districts, and (4) the specific criteria to be used in selecting a site for the facility.

c. With respect to the city facilities referred to in clause (2) of subdivision a of this section, the statement of
needs shall describe with respect to each such city facility:
(1) the reasons for such closure or reduction, (2) the location,
and (3) the criteria for selecting the city facility for closure
or for reduction in size or service delivery.

d. The statement of needs shall be accompanied by a map
together with explanatory text, indicating (1) the location and
current use of all city-owned real property and (2) all area or
site-specific designations relating to the disposition or future
use of city-owned real property. Information which can be
presented most effectively in text may be presented in this
manner. In addition to being transmitted with the statement of
needs pursuant to subdivision a of this section, such map shall
also be kept on file with the department of city planning and
shall be available for public inspection and copying. The map
shall be updated on an annual basis.

e. Preparation of the statement of needs. (1) Annually on
such date as the mayor shall direct, each agency shall submit to
the mayor a statement containing all the information required to
be included in the statement of needs for the ensuing two fiscal
years pursuant to subdivisions a, b and c of this section that
relates to the plans, jurisdiction and responsibility of such
agency. Such statements shall be known as the departmental
statements of need for city facilities and city-owned real
property. In preparing such departmental statements of needs,
each agency shall review and consider the district needs
statements submitted by community boards pursuant to paragraph 10
of subdivision d of section twenty eight hundred and the
statements of budget priorities submitted by the community boards
pursuant to section sixty one.

(2) The mayor, assisted by the department of city planning
and the department of general services, shall review such
departmental statements of need and use them to prepare the
statement of needs. In preparing the statement of needs, the
mayor shall apply the criteria established pursuant to section
two hundred three.

f. Upon receipt of the statement of needs, each community
board and borough president shall review the statement of needs.
Each community board shall make the statement of needs available
to the public and conduct a public hearing on the statement of
needs. Each community board and borough president shall have the
right to submit comments on the statement of needs to the
department of city planning within ninety days of receipt of the
statement. Each borough president shall have the right, within
ninety days of receipt of the statement of needs, to submit a
written statement to the department of city planning proposing
sites for any city facilities to be located in his or her borough
pursuant to the statement of needs. All such sites proposed by a
borough president shall be located in his or her borough and
shall be certified by the borough president as being consistent
with the specific criteria for site selection contained in the
statement of needs and with the criteria established pursuant to
section two hundred three. Each city agency shall consider such
written statements in taking actions with respect to matters included in the statement of needs.

g. Whenever an application is submitted to the department of city planning for a city facility pursuant to subdivision a of section one hundred ninety-seven-c, the applicant shall include as part of the application a statement of (1) how the proposed action satisfies the criteria for site selection established pursuant to section two hundred three, (2) whether the proposed action is consistent with the most recent statement of needs and (3) whether the proposed action is consistent with any written statements or comments submitted by borough presidents and community boards in response to the statement of needs. If the proposed action is not consistent with the site selection criteria, the statement of needs, or any such written statements or comments submitted in response to the statement of needs, the agency shall include as part of its application a statement of the reasons for any such inconsistencies. If the proposed action is not referred to in the statement of needs, the applicant shall submit to the borough president of the borough in which the city facility is proposed to be located, a description of the public purpose to be served by the city facility, its proposed location, the size and nature of the facility and the specific criteria for the selection of the site or real property. The affected borough president shall have the right, within thirty days of the submission of such description, to propose an alternative site located in his or her borough for the proposed city facility.
provided that the borough president shall certify that the alternative site satisfies the criteria for site selection under section two hundred three and in the description of the facility. The application for the proposed site selection or acquisition shall not be certified and shall not be reviewed pursuant to section one hundred ninety-seven-c until at least thirty days after the submission of such information to the affected borough president. A borough president may elect to waive the right to such thirty-day review period.

h. The mayor's management report, prepared pursuant to section twelve, shall include a review of the implementation of the statement of needs. Such review shall consist of (1) a list of the proposed actions in the statement of needs that have been implemented and of those proposed actions that have not been implemented and (2) a description of the proposed actions in the statement of needs which have been implemented in a manner significantly different from what was proposed in the statement of needs and the reasons therefor.
Sec. [341.] 340. Scope.

Except as otherwise provided in this charter or by statute, all [supplies, materials and equipment to be furnished and work or labor to be done,] goods, services or construction to be paid for out of the city treasury or out of moneys under the control of or assessed or collected by [the] a city agency or any entity the majority of members of whose boards are appointed by city elected officials, shall be [furnished or provided] procured as prescribed in this chapter.
Sec. 341. Procurement Policy Board.

a. There shall be a procurement policy board consisting of three members, two of whom shall be appointed by the mayor and one of whom shall be appointed by the comptroller. Members shall have demonstrated sufficient business or professional experience to discharge the functions of the board. Members shall not be prohibited from holding any other public office or employment provided that no member may have substantial authority for the procurement of goods, services or construction pursuant to this chapter. The mayor shall designate the chair.

b. The board shall promulgate rules as required by this chapter, which shall include:

1. the methods for entering into and awarding contracts, consistent with the standards defined in this chapter;

2. the manner in which agencies shall administer and oversee the performance of contracts;

3. standards by which agencies shall declare a bidder to be not responsible;

4. the circumstances under which procurement may be used for the provision of technical, consultant or personal services, which shall include but not be limited to, circumstances where the use of procurement is (a) desirable to develop, maintain or strengthen links of communities to non-profit and charitable organizations based in communities where services are to be provided, (b) cost-
effective, (c) to obtain special expertise, (d) to obtain personnel
or expertise not available in the agency, (e) to provide a service
not needed on a long-term basis, (f) to accomplish work within a
limited amount of time, or (g) to avoid a conflict of interest.

c. The board may promulgate such additional rules, policies and
procedures consistent with and as may be necessary to implement the
provisions of this chapter and shall at least once every three
years review all of its rules, policies and procedures and make
such revisions as the board deems necessary and desirable.

d. The board shall annually report to the mayor and the council
such recommendations as the board deems proper for the organization
and management of the agency procurement function including, where
appropriate, recommendations for revision of this chapter or other
local laws affecting procurement by the city.

e. The board shall not exercise authority with respect to the
award or administration of any particular contract, or with respect
to any dispute, claim or litigation pertaining thereto.
Sec. 342. [Purchases not requiring public letting] Procurement: general rule and exceptions.

a. 1. Except as provided for in subdivision c of this section, contracts shall be awarded by competitive sealed bidding under such rules as shall be made by the procurement policy board, except that, in a special case as defined in subdivision b of this section, the head of an agency proposing to award such contract may order otherwise in accordance with policies and procedures established by the procurement policy board.

2. A determination by an agency to use other than competitive sealed bidding shall be made in writing, stating the reasons why competitive sealed bidding is not practicable or not advantageous and why the method of procurement selected pursuant to subdivision f of this section is the most competitive under the circumstances. The agency shall submit copies of such determination to the procurement policy board and the comptroller and shall include the determination or a summary of the determination in any notice required to be published pursuant to section three hundred and forty-five of this chapter.

b. Special cases shall include situations in which it is either not practicable or not advantageous to the city to use competitive sealed bidding for one of the following reasons:

i. specifications cannot be made sufficiently specific to permit selection based on price alone:
ii. judgment is required in evaluating competing proposals, and the best value to the city requires a balancing of price, quality, and other factors;

iii. an emergency involving danger to life, safety, property or a necessary service requires immediate action;

iv. the good, service or construction to be procured is available only from a single source;

v. testing or experimentation is required with a product or technology, or a new source for a product or technology, or to evaluate the service or reliability of such product or technology;

or

vi. such other reasons as defined by rule of the procurement policy board.

[a.] c. Notwithstanding the provisions of section three hundred and forty-three of this chapter, if the several parts of the work, labor or the supplies, materials and equipment to be done or furnished goods, services or construction to be procured shall together involve an expenditure of not more than five hundred dollars, such purchases may be made without competition; provided, however, that the aggregate total of such purchase by any agency shall not exceed twenty thousand dollars in any one month [without the prior approval of the board of estimate].

[b. In the event of an emergency requiring an immediate purchase involving an expenditure of not more than one thousand dollars,
such purchase may be made without competition. An "emergency", for this purpose, is an instance or situation in which: (1) a threat to health or safety exists, (2) a necessary service is threatened with material damage or suspension, or (3) buildings or property are threatened. Such emergency purchase shall require the prior approval of the commissioner of general services unless it is outside normal working hours.

c.] If the several parts of the [work, labor or the supplies, materials and equipment to be done or furnished] goods, services or construction shall together involve an expenditure of not more than ten thousand dollars, the items may be procured on order awarded to the lowest responsible bidder upon bids submitted without public advertisement[]. An order for construction, repair, rehabilitation or alteration may be awarded to the lowest responsible bidder without public advertisement if it involves an expenditure of not more than fifteen thousand dollars and is awarded] pursuant to [regulations and conditions prescribed by the board of estimate] rules of the procurement policy board.

[d. In the event of an emergency requiring an immediate purchase, a purchase order for equipment, supplies or materials involving an expenditure of more than five thousand dollars may be awarded to the lowest responsible bidder upon bids submitted without public advertisement on written approval of the comptroller and the corporation counsel accompanied by a statement of the reasons for
such action.

e. Notwithstanding any other provision of this charter, the dollar limits set forth in this section for procurement without competitive sealed bidding may be adjusted as to any or all agencies by the concurrent action of the procurement policy board and council by a two-thirds vote of each body. No action pursuant to this subdivision shall become effective until thirty days after such action is taken.

e. Any contract for goods or services in value of more than one million dollars let by other than competitive sealed bidding, and any contract for construction let by other than competitive sealed bidding, or other than competitive sealed bidding, where solicitation of bids was made only to a prequalified group, shall require the additional approval of the mayor prior to its execution.

f. If, in accordance with subdivision a of this section, an agency determines that the use of competitive sealed bidding is not practicable or not advantageous to the city, the agency shall select the most competitive alternative method of procurement provided herein which is appropriate under the circumstance:

i. Competitive sealed proposals. Proposals may be solicited
through a request for proposals with award to the responsible
offeror whose proposal is determined to be the most advantageous
to the city, taking into consideration the price and such other
factors as are set forth in the request for proposals. No other
factors or criteria shall be used in the evaluation and award of
the contract except those specified in the request for proposals.
Discussions may be conducted with responsible offerors who submit
proposals, and offerors shall be accorded fair and equal treatment
with respect to any opportunity for discussion and revision of the
proposals. Such revisions may be permitted after submissions and
prior to award for the purpose of obtaining a best and final offer.
The agency contract file shall contain the basis on which the award
was made.

ii. Multi-step sealed proposals.

(a) A preliminary request for proposals may be issued
requesting the submission of unpriced offers. Submissions in
response to such a preliminary request for proposals may be relied
upon by an agency to either (a) to solicit competitive sealed bids
in accordance with section three hundred and forty-three of this
chapter; (b) to solicit competitive sealed bids from prequalified
entities in accordance with paragraph iii of this subdivision; (c)
to solicit proposals in accordance with paragraph i of this
subdivision; or (d) to solicit proposals from pre-qualified
entities in accordance with paragraph iv of this subdivision.
iii. Solicitation of bids from prequalified entities. Bids may be solicited from entities that have been prequalified for the provision of a good, service or construction pursuant to section three hundred and forty-four by mailing notice to each prequalified entity, unless special circumstances require a selective solicitation of prequalified entities. Award of the contract shall be made in accordance with the provisions of section three hundred forty-three of this chapter. A determination to employ selective solicitation shall be made in writing by the agency, approved by the mayor and such writing and approval shall be filed in the office of the procurement policy board and comptroller.

iv. Solicitation of proposals from pre-qualified entities. Proposals may be solicited from entities that have been prequalified for the provision of a good, service or construction pursuant to section three hundred and forty-four by mailing notice to each prequalified entity, unless special circumstances require a selective solicitation of prequalified entities. Award of the contract shall be made in accordance with the provisions of paragraph i of this subdivision. A determination to employ selective solicitation shall be made in writing by the agency, approved by the mayor and such writing and approval shall be filed in the office of the procurement policy board and comptroller.

v. Sole source. A contract may be awarded for a good, service or construction without competition when an agency
determines, pursuant to rules promulgated by the procurement policy board, that there is only one source for the required good, service or construction. The agency contract file shall contain the agency's determination that only a single source is available for the required good, service or construction, including the process by which the agency made such determination. Copies of such notice shall be filed with the procurement policy board and the comptroller. When an agency determines that there is only a single source for a good, service or construction, an agency shall give immediate notice in the City Record of its intention to enter into sole source negotiations for that good, service or construction and shall in its notice solicit the application of vendors interested in doing similar work in the future for qualification in accordance with section three hundred and forty-four, or for notice in accordance with subdivision a of section three hundred and forty-five.
Sec. 343. [Public letting] Competitive sealed bidding. The term competitive sealed bidding shall mean a method of procurement where the award of a contract is made to the lowest responsible bidder whose bid meets all the requirements and criteria set forth in the invitation for bids.

[a. If the several parts of the work, labor or the supplies, materials and equipment to be done or furnished shall together involve the expenditure of more than five thousand dollars, or in the case of construction, repair, rehabilitation or alteration, the expenditure of more than fifteen thousand dollars, such work or labor or supplies, materials, and equipment or construction, repair, rehabilitation or alteration shall be obtained only by contract on public letting founded on sealed bids under such regulations as shall be made by the board of estimate, except that in a special case the board of estimate by a two-thirds vote may order otherwise.]

a. Procedures for competitive sealed bidding.

1. Bids shall be solicited through an invitation for bids, which shall include a purchase description and all contractual terms and conditions applicable to the procurement. The terms of such contracts shall be settled by the corporation counsel as an act of preliminary specification to a proposal for bids.

[b.] 2. The agency letting the contract may reject all bids if it shall deem it for the interest of the city so to do; if not,
it shall, without other consent or approval, award the contract to
the lowest responsible bidder, unless the [board of estimate by a
two-thirds vote] mayor shall determine that it is for the public
interest that a bid other than that of the lowest responsible
bidder shall be accepted. Tie bids are to be decided by the agency
letting the contract and the award made. Whenever a contract is
awarded to [another] other than the lowest bidder [,except by
action of the board of estimate,] because the lowest bidder is
determined by the agency not to be a responsible bidder, the agency
making such determination and awarding [the same] such contract
shall file in [its office] the agency contract file [and in the
offices of the comptroller, the commissioner of general services
and the city clerk] a statement in detail of the reasons therefore
and shall submit copies of such determination with the procurement
policy board and the comptroller. [Notwithstanding any other
provision of this subdivision, the agency letting the contract may
award the contract to other than the lowest bidder upon prior
approval of the corporation counsel and the comptroller.]

3. Any bidder who is declared not responsible by an agency may
appeal such decision to the agency head, who shall refer the matter
to the office of administrative trials and hearings for a hearing.
The office of administrative trials and hearings shall make a
recommendation for action to be taken to the agency head, who shall
take final action regarding such matter.
[c.] b. Notwithstanding any other requirement of this section,

1. any [work or labor to be contracted or supplies, materials and equipment to be purchased,] goods, services or construction to be procured involving the use of funds received wholly or partially from or through the federal government, may be procured, ordered or awarded through the United States General Services Administration, if the price is lower than the prevailing market price.

2. any goods, services or construction to be procured in value in excess of five hundred dollars may be procured, ordered or awarded through the New York State office of general services, provided, however, that if bids have otherwise been received for such procurement, it may only be procured, ordered or awarded through the New York State office of general services if it may be so procured upon the same terms, conditions and specifications but at a lower price.

[d.]c. No bid shall be valid unless accompanied by a deposit in the amount and manner set forth and specified in the proposal; provided, however, that the [commissioner of general services] procurement policy board shall establish such requirements for bid deposits as are necessary and practicable, and, pursuant to rules and standards, may waive the bid deposit requirement for specific classes of purchase or types of transactions [and, in his discretion, for individual transactions]. Upon the award of the contract the deposits of unsuccessful bidders shall be returned to
them, and the deposit of the successful bidder shall be returned
[to him] upon [his executing] execution of the contract and
furnishing of the required security.

ey. [e.]d. Every proposal for bids shall contain a provision that in
the event of the failure of the bidder to execute the contract and
furnish the required security within ten days after notice of the
award of the contract] [to him, his] the deposit or so much thereof
as shall be applicable to the amount of the award made [to him]
shall be retained by the city, and [he] the bidder shall be liable
for and shall agree to pay on demand the difference between the
price bid and the price for which such contract shall be
subsequently relet, including the cost of such reletting and less
the amount of such deposit. No plea of mistake in such accepted
bid shall be available to the bidder for the recovery of [his] the
deposit or as a defense to any action based upon such accepted bid.
Section 344. Prequalification.

a. Prospective vendors may be prequalified as contractors for the provision of particular types of goods, services and construction. Such prequalification may be by categories designated by size. Agencies shall maintain lists of prequalified vendors and entry into a prequalified group shall be continuously available. Additionally, agencies shall solicit the qualifications of interested vendors for each prequalified good, service or construction at least once annually in a notice published in the City Record.

b. Any vendor who is denied prequalification by an agency may appeal such decision to the agency head, who shall refer the matter to the office of administrative trials and hearings for a hearing. The office of administrative trials and hearings shall make a recommendation for action to be taken to the agency head, who shall take final action regarding such matter.
Sec. 345. Notification of contract opportunities and awards.

a. For each category of goods, services or construction which is regularly procured by an agency, the agency shall, pursuant to rules promulgated by the procurement policy board, publish in the City Record a notice soliciting the names of vendors interested in being notified of future procurement opportunities in each such category.

b. Pursuant to rules of the procurement policy board, notice of the solicitation of bids or proposals pursuant to sections three hundred and forty-two and three hundred and forty-three, the intention to enter into sole service negotiations pursuant to paragraph v. of subdivision f of section three hundred and forty-two and the intention to enter into a contract for a price exceeding ten thousand dollars pursuant to this chapter, shall be published in the City Record, and, where appropriate, in newspapers of city, state or national distribution and trade publications.

c. The procurement policy board, in consultation with the commissioner of general services, shall promulgate rules providing for the publication and content of notices of contract actions required by this section. Such rules shall include provisions regarding,

i. the timing and frequency of notices,

ii. the required duration of solicitation periods.
iii. the form and content of notices, including the organization and presentation of such notices within standard categories of goods, services and construction which are sufficiently detailed to provide meaningful distinctions among categories.

d. The notice requirements of this section shall not apply to contracts awarded on an emergency basis pursuant to subparagraph c of paragraph one of subdivision b of section three hundred and forty two, provided that the agency shall, as soon as is practicable, publish notice that such a contract has been entered into, pursuant to rules of the procurement policy board.
Sec. 346. Public hearings on contract awards.

a. At least ten days prior to entering into any contract, other than a renewal contract, to be awarded by other than competitive sealed bidding, for goods or services the price of which exceeds one hundred thousand dollars, or for construction the price of which exceeds five million dollars, the head or deputy head of the agency to award the contract shall conduct a public hearing to receive testimony regarding the agency's proposed selection of a contractor. Adequate public notice of such public hearing shall be included in the notice of agency intention to enter into a contract published in accordance with section three hundred and forty-five of this chapter. The procurement policy board by rule may provide for an alternative schedule for such hearings.

b. The requirements of this section shall not apply to any procurement let pursuant to a finding of an emergency under subparagraph c of paragraph one of subdivision b of section three hundred and forty-two.
Sec. 347. Registration of contracts by the comptroller.

a. No contract or agreement executed pursuant to this charter or other law shall be implemented until (1) a copy has been filed with the comptroller and (2) either the comptroller has registered it or thirty days have elapsed from the date of filing, whichever is sooner, unless an objection has been filed pursuant to subdivision c of this section, or the comptroller has grounds for not registering the contract under subdivision b of this section.

b. Subject to the provisions of subdivision c of this section, the comptroller shall register a contract within thirty days unless the comptroller has information indicating that:

i. there remains no unexpended and unapplied balance of the appropriation or fund applicable thereto, sufficient to pay the estimated expense of executing such contract, as certified by the officer making the same;

ii. that the proposed vendor is in arrears to the city, or any agency upon debt or contract, or has defaulted as surety or otherwise upon any obligation to the city or any agency, or is in arrears for taxes;

iii. the proposed vendor has been debarred by the city.

c. The comptroller may, within thirty days of the date of filing of the contract with the comptroller's office, object in writing to the registration of the contract, if in the comptroller's
judgment there is sufficient reason to believe that there is:

i. a lack of legal authority for the contract;

ii. a failure to comply with procedural requisites; or

iii. possible corruption in the letting of the contract or

the contractor.

Such objection shall be delivered within such thirty day period to
the mayor setting forth in detail the grounds for the comptroller's
determination. The contract shall not be registered by the
comptroller until the mayor has responded to the comptroller's
objections in writing indicating what, if any, corrective action
shall be taken and that the contract should be registered. Such
response by the mayor shall not serve as the basis for further
objection by the comptroller, and the comptroller shall register
the contract within ten days of receipt of the mayor's response.
Sec. [344.] 348. By whom procured.

a. All work or labor services to be performed by contract, including the furnishing of materials or supplies goods incident thereto, shall be obtained by the agency for whose use the appropriation therefor shall have been made, except as otherwise provided by law or by the mayor.

b. All other supplies, materials and equipment goods shall be purchased or procured by the department of general services, except as otherwise provided pursuant to this chapter or other law.

c. Pursuant to standards and guidelines of the procurement policy board filed in the offices of the comptroller, the commissioner of finance, and the city clerk and published in the City Record, and subject to other sections of this chapter, each agency may purchase directly supplies, materials and equipment goods in an amount not to exceed one thousand dollars for each transaction or, with the prior approval of the commissioner of general services, in an amount not to exceed five thousand dollars for each transaction. The limitation of this subdivision shall not apply to purchases by an agency under a vendor contract entered into by the commissioner of general services.

d. The dollar limits for direct agency purchases without the prior
approval of the commissioner of general services pursuant to subdivision c of this section may be raised to five thousand dollars for each transaction for any or all agencies by the commissioner of general services with the approval of the mayor. Any proposed increases in the limits for such purchases above five thousand dollars shall be subject to the further approval of the [board of estimate] comptroller. Any increase in dollar limits pursuant to this subdivision shall be published in the City Record and may be rescinded by the commissioner of general services, the mayor, or the [board of estimate] comptroller.
[Sec. 345. Defaulter to city.

Any person who is in arrears to the city or any agency upon debt or contract, or who is a defaulter as surety or otherwise upon any obligation to the city or any agency, or who is in arrears for taxes, may be declared by the commissioner of general services or the head of any agency in the case of any purchase made by him, and in the case of any other contract by the comptroller at any time prior to the registration of the contract by him, not to be a responsible bidder, by filing in the offices of the comptroller, the commissioner of finance and the city clerk a statement in detail of the reasons therefor. Any person in arrears or who is a defaulter in the sum of five thousand dollars or more shall be declared not to be a responsible bidder for a period of three years unless some lesser period is prescribed by resolution of the board of estimate.]
Inspection and acceptance or rejection of all deliveries of goods shall be made by the agency that makes the direct purchase other than under a vendor contract. The commissioner of general services may authorize an agency to which delivery is made to perform such functions on purchases made by the department of general services subject to standards and policies of the commissioner. The comptroller may continue to perform such inspectional duties as are necessary for auditing purposes, including ascertainment of whether items purchased and paid for by the department of general services or other agencies have been received and put to use by agencies.
Sec. [347.] 250. Specifications.

All purchases shall be based upon specifications which are definite and certain, which permit of competition and which shall not be at variance with standard specifications for the various classes of [supplies, materials and equipment] goods approved by the commissioner of general services. Before adopting standard specifications the commissioner shall obtain and consider the recommendations of agencies using the items to be standardized.
[Sec. 348. Patented, brand name, sole source articles; how supplied.

Except for repairs no patented pavement shall be laid and no patented or brand name or sole source article shall be advertised for, contracted for or purchased, except under such circumstances that there can be a fair and reasonable opportunity for competition, pursuant to standards and policies of the commissioner of general services. In the event that an item involves a purchase price of more than twenty-five hundred dollars, the determination of the commissioner shall be made after (1) the commissioner has conducted or authorized to be conducted a public hearing and (2) the approval in writing of the comptroller has been obtained.]
[Sec. 349. Consultant contracts.

a. Except as otherwise provided by resolution of the board of estimate, no contract for the performance of technical, consultant or personal services for which competitive bidding is inappropriate, involving the expenditure of more than ten thousand dollars shall be awarded except after public hearing before and approval by a majority of the board of estimate.

b. Within ten days after the award of any contract for technical, consultant or personal services, notice thereof shall be published in the City Record.

c. This section shall not be applicable to contracts with planners, architects, engineers, or any other person or firm, if such person or firm and their estimated fees have been identified in a scope of project approved by the board of estimate pursuant to chapter nine.

d. All mayoral and non-mayoral agencies required to submit contracts to the board of estimate for approval pursuant to this section shall have rules setting forth their procedures regarding the use, oversight and reporting of contracts and selection of contractors for consultant, technical and personal services which require approval pursuant to this section. Such rules shall include the following matters:

Chapter 69
COMMUNITY DISTRICTS AND COTERMINALITY OF SERVICES

Sec. 2700. Declaration of intent. [The capacity of the city to provide services to residents and businesses, the welfare and orderly development of communities in the five boroughs, and the active participation of city residents in civic activities has been impeded by

(1) the dissimilarity of local service delivery districts of municipal agencies and (2) the disparity among such service districts and the community districts and city council districts.]

It is the intent of this chapter to encourage and facilitate coterminous community districts and service districts to be used for the planning of community life within the city, the participation of citizens in city government within their communities, and the efficient and effective organization of agencies that deliver municipal services in local communities and boroughs.

Sec. 2701. Community districts. a. [Not later than January first, nineteen hundred seventy-seven, the board of estimate, pursuant to this chapter, shall adopt a map of community districts.

b.] Each community district shall:

(1) [So far as feasible, lie] Lie within the boundaries of a single borough, except as provided in subdivisions d and e of this section, and coincide with historic, geographic and identifiable
(2) Be suitable for the efficient and effective delivery of those services [by] of municipal agencies required to be made coterminous with the community districts, pursuant to section two thousand seven hundred four, including particularly the service and districting requirements of the police and sanitation departments; and,
(3) Be compact and contiguous and have a population of not more than two hundred fifty thousand persons.

[c]b. Community districts shall be as nearly equal in population with each other as is possible under the criteria in paragraphs one, two and three of [subsection b] subdivision a of this section.

d. The community districts may serve as the basis for city council districts for the election of council members pursuant to section twenty-two and other applicable law.

e]c. With respect to the city's central business district in the borough of Manhattan from fifty-ninth street south, the [board of estimate] council may adopt as part of the community district map, districts which shall reflect its unique character as the city's financial, business and entertainment center. In so doing, the [board of estimate] council shall take into consideration the residential, working and other daytime populations as well as the hotel and transient or other nighttime populations and adhere as nearly as possible to the provisions of paragraph (3) of subdivision b of this section.
The community district map for the borough of Manhattan shall include Roosevelt Island, located in the east river, as part of a community district in the borough of Manhattan, immediately opposite and to the west of Roosevelt Island. However, for the purposes of meeting the requirements of section twenty-seven hundred four relating to coterminality of local services, section twenty-seven hundred five relating to district service cabinets and section twenty-seven hundred seven relating to agency budget and service statements, Roosevelt Island shall be deemed included within a community district of the borough of Queens immediately opposite and to the east of Roosevelt Island. The chairperson of the community board of the Manhattan community district which includes Roosevelt Island, or his designee, shall be a member of the district service cabinet of each of the community districts in which Roosevelt Island is included in the respective boroughs.

The community district map for the borough of the Bronx shall include that portion of the borough of Manhattan which lies north of the Harlem River.

Sec. 2702. Preparation and adoption of map. a. The map of community districts as of the effective date of this chapter shall be continued until modified pursuant to this section. Not later than the first day of October[,] of nineteen hundred [seventy-six] ninety-three and of every tenth year thereafter, the mayor shall, and at such other times as the mayor deems appropriate, the mayor may, prepare and present to the [board of estimate] council a [preliminary] report reviewing the community district map [pursuant
to this chapter] then in force and presenting such recommendations for changes in the map as the mayor deems appropriate. Such review shall consider shifts in population shown in the most recent decennial census that may require adjustments in the community district map to conform to the criteria in section twenty-seven hundred one. If the mayor's recommendations for changes in the map would produce a community district with a population below seventy-five thousand persons, the mayor may consider whether partial suspension of coterminality within the district is likely to provide more efficient or effective service delivery of one or more of the services for which coterminality is required, and may recommend that coterminality for one or more designated services within the community district and any adjacent district be suspended. The mayor's recommendations for changes shall be referred to as the preliminary revision of the community district map.

b. The borough presidents, city planning commission, community boards and other civic, community and neighborhood groups and associations shall be consulted and their recommendations considered in the preparation of the preliminary revision of the community district map.

c. The mayor shall publish the preliminary revision of the community district map in the City Record and in each [county] borough of the city and shall, jointly with the borough president, conduct one or more public hearings on it in each borough of the city. Within sixty days of such hearing, the mayor shall submit to
the council such preliminary revisions of the community district
map as he or she deems appropriate.

d. The [board of estimate] council shall conduct public
hearings on the preliminary revision of the community district map
submitted by the mayor and it shall, by resolution, adopt or
disapprove the map as submitted [or as modified by it not later
than the date specified in subsection a of section twenty-seven
hundred one] within one hundred twenty days of such submission.

[Sec. 2703. Modification and review. a. The community
district map shall be reviewed within one year following the
publication of each decennial census, and a new or revised
community district map may be adopted pursuant to the criteria and
procedures applicable to the creation of community districts
pursuant to of sections twenty-seven hundred one and of
twenty-seven hundred two. Such review shall consider shifts in
population shown in the new census that may require adjustments in
the community district map to conform to the criteria in section
twenty-seven hundred one.

b. The board of estimate, after public hearing on notice and
consideration of any recommendation from the mayor, at any time may
modify the community district map to assure conformance to the
criteria in section twenty-seven hundred one.]

Sec. 2704. Coterminality of local services. a. [Within three
years after the effective date of the community district map
adopted pursuant to this chapter, the] The head of each agency
responsible for one or more of the services listed below shall
organize the local service delivery districts of such agency as
follows.

(1) To be coterminous with each of the community districts [for]:
local parks services; local recreation services; street cleaning
and refuse collection services; the patrol services of the police
department; and social services, including community services,
community development, youth services, child development, and
special services for children; and,

(2) To be coterminous with one or more community districts or
aggregates of them [for]: housing code enforcement, highway and
street maintenance and repair; sewer maintenance and repair, and
health services, other than municipal hospitals.

...
[this] subdivision a, the requirement that patrol services of the police department be coterminous with each of the community districts in any borough shall not apply to any community district where the mayor, after consultation with the police commissioner, shall determine that establishment of such coterminality would be inconsistent with the most effective delivery of such services. The mayor shall promptly notify the council of any such determination, and the council may, by majority vote, disapprove such determination with respect to any community district within sixty days after the first stated meeting of the council following the receipt of such notice. If the council shall disapprove such determination with respect to any community district, the police commissioner shall organize patrol services to be coterminous with such district within ninety days of such disapproval.

[d] g. The [board of estimate, upon the recommendation] council, by resolution subject to the approval of the mayor, or the mayor by executive order, may direct that city services in addition to those specified [pursuant to subsection] in subdivision a of this section be made coterminous with one or more community districts or aggregates of them.

[e] g. The head of each agency whose local service delivery districts are not required to be coterminous with community districts pursuant to [subsection] subdivision a [or b] of this section shall organize the local service delivery districts of the agency to coincide as closely as possible to the boundaries of the community districts.
For purposes of this section, coterminality of services shall mean that

[(2)] The head of each [designated] agency responsible for one or more of the services listed in subdivision a shall: (1) assign to each such local service district at least one official with managerial responsibilities involving the exercise of independent judgment in the scheduling, allocation and assignment of personnel and equipment and the evaluation of performance or the management and planning of programs [. Each]: each such official shall have operating or line authority over all agency programs, personnel and facilities within the local service district[.]; (2) assign to each borough at least one official with line authority over all agency programs, personnel and facilities within the borough to manage the delivery of agency services in the borough; such official shall consult regularly with the borough president; (3) publish semi-annually in the City Record and make available to interested parties a list, by community district and borough, of the name, title, office mailing address, and office telephone number of the officials appointed pursuant to paragraphs one and two of this subdivision and to subdivision a of section twenty-seven hundred six.

g. The head of any agency may assign or reallocate personnel, equipment or other resources outside a community district to meet
emergency needs, special situations, or temporary conditions.

h. Nothing in this chapter shall prohibit any agency from maintaining sub-districts within a community district for purposes of efficient and effective service delivery so long as the combined sub-districts shall coincide with the boundaries of the community district. Nothing contained in this section shall prevent the establishment of any special district authorized pursuant to federal, state or local law, the boundaries of which do not coincide with the boundaries of a community district.

[i. Whenever the population of a community district falls below seventy-five thousand persons, the city planning commission may consider whether partial suspension of coterminality within the district is likely to provide more efficient or effective service delivery of one or more of the services for which coterminality is required. The city planning commission shall give notice to all the affected community districts and shall hold a public hearing. Following the hearing, the commission may recommend to the board of estimate that coterminality for one or more designated services within the community district and any adjacent district be suspended. If the board of estimate votes to approve the recommendation, coterminality shall be suspended for the designated services. The city planning commission may at any time recommend to the board of estimate that the suspension be terminated and that coterminality be restored for one or more of the services.]

shall include: (1) an evaluation of the quality of the services delivered to community districts pursuant to subdivision a of this section during the preceding two fiscal years, (2) a review of the agencies' implementation of subdivisions d and f of this section, and of subdivision a of section twenty-seven hundred six, and (3) any recommendations for changes in the services listed or in the requirements for those services which the mayor deems appropriate.
